

CHILDREN/YOUTH CHRISTIAN EDUCATION

Having a part time staff Director of Christian Education creates special relationship between the Director and the Elder. Both are committed to creating and offering to all pre and school aged children the opportunity to experience Christian nurture and growth through sound Biblical teachings.

- The Elder works with the Director who carries the load of planning Sunday School, mission outreach, weekly youth gatherings and social events. In the area of Children's Christen Education there is a committee of adults who gather, as needed, to plan activities such as Vacation Bible School, God's Gift Factory, curriculum for Sunday School.
- The Youth as a group plan their Wednesday evening gathers with the Director selecting curriculum for Sunday School.
- The Director calls on adults to teach Sunday School and also staff the many events which need adult support and participation.
- The Elder supports and participates in all areas and also brings to Session Meeting reports and items which may need Session approval.
- Both the Director and the Elder keep the congregation informed through our printed media of the activities which involve our children and youth.
