

COVID-19 STATEMENT 11/15/2021

The Session of St. Mark makes the following recommendations for those attending worship and/or participating in indoor activities on the St. Mark campus.*

- Masks are recommended for anyone not fully vaccinated for COVID-19.
- Anyone who is ill or has a condition that weakens their immune system should continue to take the same precautions as unvaccinated people.
- Fully vaccinated persons should consider wearing a mask when they are in an area of substantial or high transmission (see <https://covid.cdc.gov/covid-data-tracker/#county-view> or <https://covid19.sanantonio.gov/Reports-Statistics/Dashboards-Data>).
- The St. Mark Early Learning Center's 2021-2022 COVID Policies take precedence over these recommendations for ELC staff, parents, students and visitors.

* These recommendations reflect the CDC's guidelines on masking as of October 25, 2021 (<https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/about-face-coverings.html>).
